

## What Degree Can I Get?

### What Degree Can I Get At Snow?

Communication majors at Snow will want to complete either an Associate of Science (AS) or an Associate of Arts (AA) degree. These are transfer degrees, designed to prepare you to transfer to a four-year college and work on a Bachelor's degree. Most four-year institutions offer both a BA and BS in Communications, with the exception of BYU, which only offers a BA. Be aware that BA degrees require at least two years of one foreign language. Students who major in communications find it an ideal preparation for entrance into professions such as speech communication, interpersonal communication, mass media/broadcasting, public relations and journalism.

### What Classes Should I Take At Snow?

Students who wish to transfer to a four-year institution should take the courses recommended below. Note that these recommendations represent a minimal commitment to studying communications. Students who have a transfer institution in mind should consult that institution's Communication's Department regarding course transferability as soon as possible.

#### Core classes for all Communication majors

- COMM 1020 Public Speaking
- COMM 1500 Introduction to Mass Media
- COMM 2110 Interpersonal Communication

Please check with a communications advisor regarding additional classes that should be taken for specific area of emphasis.

## Clubs, Activities & Experiences . . .

- **CSA:** Sigma Chi Association, (*Communications Students Association*)
- **DEX:** This is a club for students interested in Marketing , Management Sales, and Public Relations. Our DEX club has gone to Nationals for 23 consecutive years! It's good stuff!!!
- **KAGE:** This is Snow's Radio club. Members actually work on the air or behind the scenes of the radio station. It can be found at 89.5 FM.
- **Snowdrift:** The college's newspaper introduces students to the art of writing, layout and design. The staff meets weekly to produce the paper.
- **Cooperative Education and Internships:** Earn college credits while working in jobs related to your major.
