

## What Degree Can I Get?

### What Degree Can I Get?

Education majors at Snow College will want to complete either an Associate of Science (AS) or an Associate of Arts (AA) degree. These are transfer degrees, designed to prepare you to transfer to a four-year college and work on a Bachelor's degree. At Snow, students are able to complete lower division general education requirements as well as many prerequisites. The certifications options for Utah educators are: Early Childhood Education, Elementary Education, Secondary Education, Special Education, Special Education, (Birth through Age 5) and Communication Disorders. Please be aware that Secondary Education majors will have a specific area of interest that they will major in and will be advised from that department.

### What Classes Should I Take?

The exact classes you would take at Snow would depend on your exact major, whether Elementary Education, Early Childhood Education, Special Education, or Secondary Education. You would probably be taking classes like:

- EDUC 1010 - Introduction to Education
- EDUC 1950 – Introduction to Literacy Tutoring
- EDUC 2400 – Diverse Populations
- PSY 1010 - General Psychology
- HFST 1500 - Human Development
- MATH 1050 - College Algebra
- MATH 2010 - Math for Elementary Teachers I (El. Ed Majors)
- MATH 2020 - Math for Elementary Teachers II (El. Ed. Majors)
- BT 1010 - Introduction to Computer
- PE 1543 - First Aid
- SPED 2030 – Introduction to Special Education
- Foreign Language would be a bonus

Students who are leaning toward a particular transfer institution should contact their advisor for more specific requirements. Education majors are subject to a background check.

## Activities & Experiences . . .

You can have hands-on experience through our education classes each semester. Our Literacy tutoring class is a course designed for students to participate as literacy volunteers working with children at local schools and libraries. This course can be repeated each semester. Plus college credit is available through the Cooperative Education Program if you have a job in an area of your major.
