

## What Degree Can I Get?

History majors at Snow will want to complete either an Associate of Science (AS) or an Associate of Arts (AA) degree. These are transfer degrees, designed to prepare you to transfer to a four-year college and work on a Bachelor's degree. Students who major in history find it an ideal preparation for entrance into professions such as law, government service, or teaching.

## Which Classes Should I Take?

Students who wish to transfer to a four-year institution should take the courses recommended below. Note that these recommendations represent a minimal commitment to studying history. Students who have a transfer institution in mind should consult that institution's History Department regarding course transferability as soon as possible.

- HIST 1500 World History to 1500
- HIST 1510 World History from Renaissance to Present
- HIST 1700 American Civilization
- *If time permits also take:*
- HIST 2340 History of England
- HIST 2350 History of the American West
- HIST 2700 United States History to 1877
- HIST 2710 United States History from 1877

History majors should seek to acquire an extensive background in the social and behavioral sciences, with courses in political science, sociology, economics, and geography being especially recommended.

## What Are Some Things I Can Learn From History?

Students who complete an emphasis in history at Snow College will be expected to demonstrate some of the following:

- Know the historical developments of the nations, cultures, societies, and eras they have studied:
- Know the political, economic and legal systems of societies they have studied:
- Know the contributions of leading historical figures to their respective societies:
- Appreciate the way the legacy of freedom and personal liberty bequeathed to us by our forebears is a privilege to be cherished, nurtured, and preserved.

### Associate of Science and Art Requirements

American Institutions 3*	ENGL 6	Math 2-5	OC 3
