

## What Degree Can I Get?

The objective of the Traditional Building Skills Institute is to further the art of traditional building skills for the purpose of restoring and preserving historic buildings.

These traditional skills can also be used in new construction. All of our three-day workshops involve instruction and hands-on experience using widely recognized craftsmen. Workshops are designed for architects, builders, contractors, trades people, students, educators and homeowners.

## We offer workshops in:

- Adobe Restoration
- Blacksmithing
- Decorative Plaster
- Furniture Refinishing and Conservation
- Gravestone Restoration and Preservation
- Historic Masonry, Log Cabin Restoration
- Stained Glass
- Stone Carving and Restoration
- Stained Glass
- Stone Carving and Restoration
- Timber Framing
- Windsor Chairs
- Wood Carving
- Wood Furniture I
- Wood Furniture II
- Wood Windows and Millwork
- Old World Traditional Skills – Service Learning in Wales, UK

We also offer an Associate of Applied Sciences Degree that can be completed in as little as two years. Please go to the following link for the classes that are required.
