STAT 2000	Statistical Methods	3	*MATH 2040	Applied Statistics (4)

NOTES:

Remaining professional courses must be taken at USU. Contact the College of Natural Resources Academic Service Center (435-797-2448) for specific requirements.

An associate of arts or science degree from Snow College will satisfy the USU General Education requirements. Students will still need to meet Utah State's American Institutions and Depth Education requirements.

Other majors available in the College of Natural Resources include Conservation and Restoration Ecology, Fisheries and Aquatic Sciences, Forestry, Geography, Rangeland Resources, Watershed and Earth Systems, and Wildlife Science.

* Course(s) not approved per the 2007-2008 Utah System of Higher Education transfer guide but are approved through the College of Natural Resources at Utah State.
