

## Benefactor, or private, Scholarship Application

This application is to assist students in applying for Snow College’s privately funded scholarships. Snow College Scholarship policy limits the amount awarded to any one student. Each scholarship has predefined criteria to receive, keep and/or renew the award. If a student fails to meet the scholarship requirements as posted on the “scholarship contract,” the student will lose the scholarship.

**NOTICE:** To be eligible for Snow College scholarships you must complete the Admissions and Scholarship applications. Scholarships cannot be awarded until these applications are processed.
