There's been a murder on campus! Your mission, if you choose to accept it, is to help us find the culprit. We have evidence that one of the departments on campus was to blame. Your job is to find which department did it, where it was done, and what the weapon was. (Like Clue!)

Here's how this works. There are clues on billboards in each of the following buildings: GSC, Library, Eccles, Lucy Philips, and Humanities. And, every night at around 7 pm and also around 9:30 pm on The KAGJ 88.9, which can also be accessed through snow.edu or the Radio FX app or online at The Kage on snow.edu, there will be hints given Monday thru Thursday with a different hint every night. The clues will be the same each night so you only have to listen at 7 or 9:30. If you miss a clue, call in at 435-283-7007 and request a song and we will be able to give you the clue from that night. We can not give clues from previous days so make sure you listen in! Team up with roommates and friends to collect the answers! Starting on April 4th, you can email in your correct answers at [thekagjmurdermystery@gmail.com](mailto:thekagjmurdermystery@gmail.com). If you have the correct answers and you submit the proper contact information you will be entered to win the \$50 voucher for the on campus store!
