

Honorlock on ALEKS

Student Quick Start

Before you begin: you will need to use the **Google Chrome** browser to take the exam. Click here to download: <https://chrome.com>

Honorlock Instructions (ALEKS)

1. Download Honorlock extension from <https://honorlock.com/aleks>
2. Click **Install Extension**
3. Click **Add Extension**
4. Log into ALEKS and start your placement
5. Click **Start** to take the placement assessment
6. Click the **Launch Proctoring** button

7. If it is your first time using Honorlock, click **Allow** to provide webcam and microphone access.
8. Complete the *Pretest Checklist*[™] steps as required by your institution.
9. After completing the steps, click **Begin Proctoring** to begin taking your assessment.
10. Take your assessment as you normally would.
11. Honorlock closes automatically once the placement test is complete.
