- We encourage you to file income taxes early! The earlier income taxes are filed, the earlier you can apply for financial aid. You are not generally considered financially independent until you are 24 years of age or married.

**Scholarships**

- Priority Financial Aid deadline is June 1st. If your application and other required documentation are not in the Snow College Financial Aid Office by June 1, you may not have money by the time school starts. Funds from applications and documents received after August 1st will not be available by the beginning of school and the student must set up a payment plan.
- Priority scholarship deadline is March 1st. Applications can be found at www.snow.edu/scholarships
- If you have been awarded a Snow College scholarship, notification will be sent via email and you will need to accept your scholarship through your Badger Web account. By accepting your scholarship online, you are accepting the requirements on your scholarship contract. You are required to turn in a “Thank You” letter for private scholarships before your funds will be awarded.
