#### **4. Pride Club Presidency Responsibilities**

- All presidency members will be expected to attend a minimum of 75% of all Pride Club activities unless previous arrangements have been made with advisor. They will also be expected to attend presidency meetings as they are needed- typically only a few per semester.
- All presidency members will be expected to be kind and accepting to all club members. Additionally, they will be expected to befriend club members and make them feel welcome. (We don't want to see the presidency all hanging out together or with only their friend group while ignoring others.)
- Each presidency member will be asked to plan at least two activities per semester.
- President will be expected to attend monthly student life coordination meeting or send another presidency member if they are unable to attend. President will also be responsible to learn how to create events in the app and manage assessments. (Advisor will teach them how to do this.)
- Vice-President will be responsible for promoting activities. (Making announcements in Canva or other software and posting them to Pride Club wall. Also posting them in events section of the app.)
- Social Media VP will manage Snow College Pride's Instagram account. They will be expected to post a minimum of once per week.
- Secretary/Treasurer will make sure we have all paperwork to Student Life, oversee the budget, track spending, and make budget requests.

I have read the instructions and certify that the above information provided in the application is true and correct to the best of my knowledge. I also declare that if I attend Snow College I will abide by the academic, scholastic and social standards of the college. A student found guilty of nondisclosure or misrepresentation in completing this application form will be subject to disciplinary action and/or loss of any scholarship(s). I understand that if I do not fulfill my responsibilities as a Pride Club Presidency member during fall semester, I may be removed and will lose my scholarship for spring semester.
