

Snow College's steady enrollment growth turned exponential around 1973-1974.

Snow College Enrollment from 1888 to Present

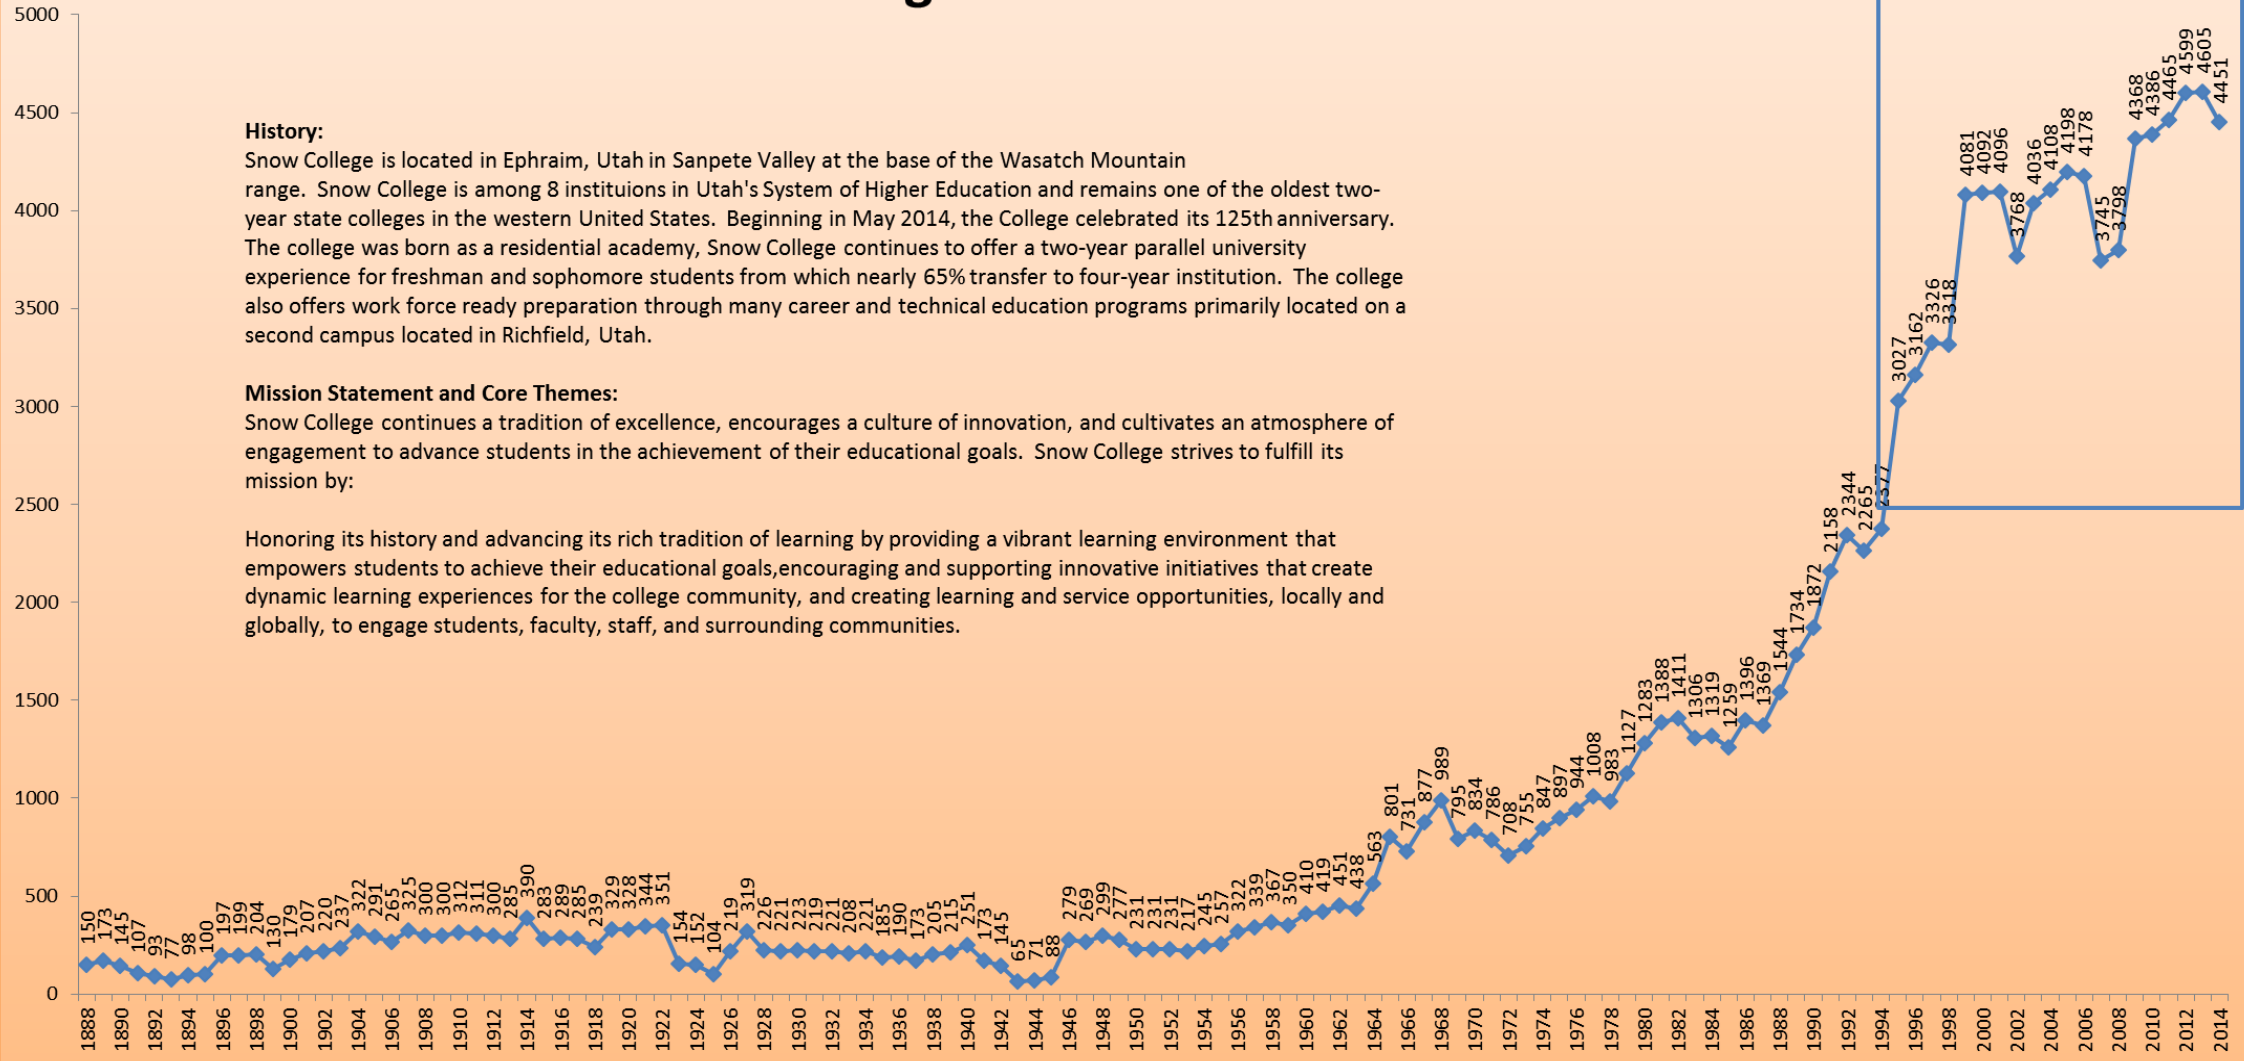

History:

Snow College is located in Ephraim, Utah in Sanpete Valley at the base of the Wasatch Mountain range. Snow College is among 8 institutions in Utah's System of Higher Education and remains one of the oldest two-year state colleges in the western United States. Beginning in May 2014, the College celebrated its 125th anniversary. The college was born as a residential academy, Snow College continues to offer a two-year parallel university experience for freshman and sophomore students from which nearly 65% transfer to four-year institution. The college also offers work force ready preparation through many career and technical education programs primarily located on a second campus located in Richfield, Utah.

Mission Statement and Core Themes:

Snow College continues a tradition of excellence, encourages a culture of innovation, and cultivates an atmosphere of engagement to advance students in the achievement of their educational goals. Snow College strives to fulfill its mission by:

Honoring its history and advancing its rich tradition of learning by providing a vibrant learning environment that empowers students to achieve their educational goals, encouraging and supporting innovative initiatives that create dynamic learning experiences for the college community, and creating learning and service opportunities, locally and globally, to engage students, faculty, staff, and surrounding communities.

Much of the College's incredible growth has occurred in the past twenty years. This chart highlights the single greatest influence (among other influences) that have promoted growth.
